## **RECOMMENDATION**

In accordance with applicable State Law, it is our recommendation that your Honorable Board:

## **DISCUSSION**

In accordance with direction from your board, bids for the subject contract were opened on Thursday, July 18, 2013.

Four bids were received. They are as follows:

|                               |                |
|-------------------------------|----------------|

## Project Background Information

This asphalt concrete overlay contract is part of the Department of Public Works Annual Pavement Management Program which provides an asphalt overlay of existing roads to extend the service life of the pavement. This work is necessary to halt further deterioration of these paved roads, and improve safety and operation. This contract provides for a pavement overlay on Ramada Drive from Marquita Street to the Paso Robles City limits and on El Pomar Drive from Almond Drive to Cripple Creek Road, east of Templeton and southeast of Paso Robles. The project will place new hot mix asphalt with no expansion of the currently paved area for a total length of 4.7 miles. These roads were confirmed for overlay through the County's Pavement Management System and on-site inspection. Ramada Drive and El Pomar Drive serve as key routes in the North County area.

## **OTHER AGENCY INVOLVEMENT/IMPACT**

Various utility companies have been contacted in consideration of project impacts to their facilities. The County Clerk formally processes the bid openings.

## **FINANCIAL CONSIDERATIONS**

This is a multi-year project in the Roads Fund FY 2013/14 budget at \$1,962,744 – WBS 300482 – 2012/13 A/C Overlay. The total project costs are estimated at \$1,949,699. Funding for the project will come from the Road Fund Pavement Management Program.

At the time of construction completion, when actual project costs are known, we will manage any funding difference with Road Fund Pavement Management Program budget for FY 2013/14. No budget adjustment is necessary.

Please see Exhibit "A" for an estimated cost breakdown of the project.

## **RESULTS**

The immediate result of the recommended action will be the construction of this project, which will improve the road for the safety of the motoring public. This, in turn, will result in a safer, more livable community.
